

roof drain SuperDrain type 62 clamp ring, DN 70

Part number: 671233

GTIN: 4001636671233

Rebate group: 10

Description:

roof drain SuperDrain type 62 clamp ring, DN 70

conforming to DIN EN 1253

for use with a calculated siphonic roof drainage system, with stainless steel clamp ring to secure all single-ply membranes

specification:

- SuperDrain-insert
- insulated drain body
- outlet vertical
- domed grate, secured

material:

polypropylene, UV-stabilized

Flow rates tested to DIN EN 1253:

Nominal diameter	Min. flow rate according to norm	Water level according to norm	Flow rate at water level 5 mm	Flow rate at water level 15 mm	Flow rate at water level 25 mm	Flow rate at water level 35 mm	Flow rate at water level 45 mm	Flow rate at water level 55 mm	Flow rate at water level 65 mm	Flow rate at water level 75 mm
DN 70	12.00 l/s	55.00 mm	0.60 l/s	2.50 l/s	5.00 l/s	10.60 l/s	16.80 l/s	17.40 l/s	17.40 l/s	17.40 l/s
